INTESTINAL WORMS Weekly Update 3/7

Book a time to discuss progress - https://calendly.com/kkubelick3/15min

Date:

Last Week's Achievements: *Found method and application to label ground truth for our datasets.* *Compiled spreadsheet of potential machine learning algorithms so that we can compare them.* *Got all group members added to github.*	*This Week's Targets:* Label ground truth for all artificial worm egg samples.
Questions for Discussion During Class (if applicable, otherwise write N/A): When will the final report rubric be released?	*Upcoming Milestones:* Have working dataset for us to use with machine learning algorithm. Final report April 27th.
